12 Conversation about Sex and Babies

13 Conversation about Self-Control

14 Conversation about Periods

15 Conversation about Masturbation

Short Description: A small book for parents and teens and pre-teens on speaking naturally and easily about marriage and sex

Full Description: *Everyday Talk About Sex & Marriage* is for parents of teenagers and soon-to-be-teenagers. The short, approachable chapters written by a dad and his son who have been through these talks offer wisdom, guidance and application. Includes six sample conversations to help and encourage parents navigate these challenging topics.

Author John A. (Jay) Younts is the author of this book as well as other materials on parenting and the Christian life. He is also the Shepherd Press blogger. He has been teaching and speaking on parenting issues for over 30 years. He serves as a ruling elder at Redeemer Associate Reformed Presbyterian Church in Moore, South Carolina. He and his late wife, Ruth, have five adult children.

Reading Audience

- Parents
- Teenagers, with their parents
- A resource for pastors and counselors

Features and Benefits

- A practical subject
- Tried and tested; father-and-son collaboration on the text
- Works from biblical principles
- Author qualified and experienced to write on the subject
- Appendixes with guidelines for specific discussion or as conversation-starters
- Book printed in color throughout

Key Endorsements

"After completing each chapter and its real world conversation, I couldn't wait to get to the next chapter to see how these interrelated concepts came together to paint a full and rich picture, for me and my children, of God's goodness and of his extravagant gift of marriage and sex. Enjoy!"

—**Kirk Cameron, TV actor; Producer**

"This is a wise, winsome, gospel-soaked and practical manual of how to talk to your kids about sex as you live with them in a world that's gone sexually insane. Don't wait, order this book now."

—**Paul David Tripp, Author, Speaker**

"I have just read Jay Younts' excellent book *Everyday Talk About Sex & Marriage* and it is good! It is a one-sitting answer to a challenge every parent will face—telling children about sexuality and marriage."

—**Dr. Charles Hodges, Author, "Good Mood, Bad Mood"**

“I appreciate Jay’s fresh perspective, particularly the conversations between parent and child. These conversations help me, not only to see how I myself can view the subject, but also to hear what it might sound like when I do talk with my kids. This book has enriched my own understanding of the glory of marriage and all of its accompanying blessings. The underlying principles of the teaching you are about to read are profoundly biblical, dazzlingly insightful, and fun to read. After completing each chapter and its real world conversation, I couldn’t wait to get to the next chapter to see how these interrelated concepts came together to paint a full and rich picture, for me and my children, of God’s goodness and of his extravagant gift of marriage and sex. Enjoy!”

Kirk Cameron, Actor, Film Producer

“There is not a parent who wouldn’t benefit greatly from this book. Not only will it help you to get your child thinking biblically about sex, it will help you as a parent to do the same. This is a wise, winsome, gospel-soaked and practical manual of how to talk to your kids about sex as you live with them in a world that’s gone sexually insane. Don’t wait, order this book now.”

Paul David Tripp

I have just read Jay Younts’ excellent book *Everyday Talk About Sex & Marriage* and it is good! It is a one-sitting answer to a challenge every parent will face—telling children about sexuality and marriage. Like death and taxes there is no avoiding the truth that if we don’t inform our children about sex, then just about everybody else in the world will! This book does three important things in concise manner: First, the author links sex to marriage where it belongs and he supports that with the Bible from both the Old and New Testaments. Second, he emphasizes that this subject needs to be delivered in small frequent conversations. At an early age these talks are best centered on marriage as the one relationship in which sexuality belongs. And third, Younts gives us several conversational examples of talks a parent could have with their child at various ages. There are many more good things about this book, but these three make it worth the price and time to read! It should help reduce the anxiety most parents feel when faced with the “talk.”
